TO WHOM IT MAY CONCERN

We certify that **Dr. Clément RIEDEL** has been awarded a **three-year fellowship** by the INTERNATIONAL HUMAN FRONTIER SCIENCE PROGRAM ORGANIZATION, that will start on **1 October 2011**.

The fellowship will be carried out at the:

Department of Molecular Cell and Biology, Physics and Chemistry
University of California
BERKELEY
USA

During his fellowship Dr. Riedel will receive a **living allowance** of:

- **46800 USD** in the first year (1 October 2011 - 30 September 2012)
- **48720 USD** in the second year (1 October 2012 - 30 September 2013)
- **50700 USD** in the third year, assuming the final year of fellowship will be taken in the USA.

The International Human Frontier Science Program Organization is a not for profit, international organization based in Strasbourg (France) devoted to the promotion of basic research. Its budget is provided by the Member States of the Organization which are currently Australia, Canada, France, Germany, India, Italy, Japan, the Republic of Korea, New Zealand, Norway, the UK, the USA, Switzerland and European Union. The program is highly selective supporting only the top 10-20% of its applicants. Fellows supported through HFSP postdoctoral fellowships have been highly successful in their subsequent research careers and the fellowships are recognized internationally as prestigious awards.

Strasbourg, 11 April 2011

Dr. Guntram BAUER
Director of Fellowships
